OMB No. 1545-0140
1990
Attachment Sequence No. 44

Name(s) shown on tax return: Richard J. & Loretta M. Durbin

Identifying number: 493-46-1338

A Change To Note

In response to many requests to simplify Form 2210, IRS has developed a new **Short Method** to figure the penalty. To see if you can use the short method, read the instructions on this page. Then, if you can use it, complete only Parts I and II below.

Purpose of Form

Use Form 2210 to see if you owe a penalty for underpaying your estimated tax and, if you do, to figure the amount of the penalty.

If you prefer, IRS will figure the penalty for you and send you a bill. But see **Lowering Your Penalty**, below. If you want IRS to figure the penalty for you, leave the penalty line on your return blank; do not file Form 2210.

Lowering Your Penalty

If any of the conditions below applies to you, you may be able to lower the amount of your penalty. But you must complete and attach Form 2210 to your tax return to do so. In the space next to the penalty amount on your tax return, you **must** write the letter (A, B, or C) that corresponds to any of the following conditions that applies to you.

A. You claim a **waiver**. See page 1 of the separate Instructions.

B. Your income varied during the year and you use the **annualized income installment method** to figure your required installment payments. See the instructions for line 20.

C. You had Federal income tax withheld from your wages and you treat it as being paid when it was **actually withheld** (instead of in four equal amounts). See the instructions for line 21.

Short Method

If you made estimated tax payments, you may use the short method only if:

- You paid your estimated tax in four equal amounts; and
- You paid your estimated tax on the due dates.

You may also use the short method if you made no payments at all, or your only credit for payment was due to Federal income tax withholding.

Note: If you made estimated tax payments, the short method will give the precise penalty amount only if your payments were made exactly on the due dates. If any payment was made early, using the short method may cause you to pay a larger penalty than the regular method. If the payment is only a few days early, the difference will generally be small.

Although line 17 of the short method requires a five-place decimal computation, it will relieve you of making the more complicated computations under the regular method.

Do not use the short method if you made any of your estimated tax payments late.

You must use the regular method if B or C under **Lowering Your Penalty** applies. But if A applies, and you meet the conditions above, you may use the short method.

Regular Method

Use the regular method to figure the penalty if you did not pay your estimated tax payments on the due dates or in four equal amounts. To use the regular method, complete Part I below and Part III on page 2.

Part I Required Annual Payment — All filers must complete this part.

1	Enter your 1990 tax after credits (from Form 1040, line 47; Form 1040A, line 25; or Form 1041, Schedule G, line 4)			1	31,632.
2	Other taxes (see instructions)			2	
3	Add lines 1 and 2			3	31,632.
4	Earned income credit	4			
5	Credit for Federal tax on fuels	5			
6	Add lines 4 and 5			6	
7	Current year tax. Subtract line 6 from line 3			7	31,632.
8	Multiply line 7 by 90% (.90) and enter the result	8	28,469.

10	Subtract line 9 from line 7. If the result is less than $500, stop here; **do not** complete or file this form. You do not owe the penalty			10	7,498.
11	Enter your prior year (1989) tax. (**Caution:** See Instructions.)			11	21,239.
12	**Required annual payment.** Enter the **smaller** of line 8 or line 11 (see Instructions)			12	21,239.

Note: If line 9 is equal to or more than line 12, stop here. You do not owe the penalty.

Part II Short Method — If you made estimated tax payments, use this method only if they were paid on the due dates and in four equal amounts. Otherwise, use the regular method (Part III) on page 2.

13	Enter the amount, if any, from line 9 above	13			
14	Enter the total amount, if any, of estimated tax payments you made	14			
15	Add lines 13 and 14			15	
16	**Total underpayment for year.** Subtract line 15 from line 12. (If the result is zero or less, stop here; you do not owe the penalty.)			16	
17	Multiply line 16 by .07315 and enter the result			17	
18	• If the amount on line 16 was paid on or after 4/15/91, enter -0-. • If the amount on line 16 was paid before 4/15/91, make the following computation to find the amount to enter on line 18. Amount on line 16 X Number of days paid before 4/15/91 X .0003			18

Dear Mr. Chairman:

Upon additional review, it has just come to my attention that an omission was made in the typing of my Financial Disclosure form for 1990.

In Part IV - Transactions, in addition to the information presented, the form should have indicated the purchase of that bond on February 4, 1990. All other information remains the same.

Thank you for your attention to this matter.

Sincerely,

Bernard J. Dwyer

Part IV. Transactions:

As you will note, I have added an amendment to Part IV with the following explanations:

(1) Public Service of New Mexico is not mentioned because its value is less than $1,000. It is still owned.

(2) Municipal Investment Trust Fund was acquired by inheritance in 1983.

(3) Bond, Conroe, Texas was bought 1/26/89

(4) Shaw's of Texas was acquired by inheritance in 1989.

Part VII:

The dates of travel for reimbursement of transportation, food and lodging have been added.

Should you need further information, please let me know. The Financial Disclosure Statement is resubmitted, as amended.

Sincerely,

MFrost

As noted in Part IV, Warner Lambert was purchased in 1990. The other assets were purchased prior to 1990.

Finally I want to note that Beechwood Associates, listed in 1989, actually was liquidated in 1988 and its assets distributed. The final distribution was made in 1989.

I would appreciate your including this letter of amendment with my Financial Disclosure Statement for Calendar Year 1990.

The Honorable Louis Stokes, Chairman
Committee on Standards of Official Conduct
Suite HT-2, U. S. Capitol
Washington, D. C. 20515

Dear Mr. Chairman:

Your letter of May 24, 1991 raised two questions about Part IV -- Transactions of my Financial Disclosure Statement for 1990 filed May 15, 1991 with the Clerk of the House of Representatives pursuant to Title I of the Ethics in Government Act. Specifically, the checklist accompanying your letter requested additional information concerning the following items:

1) Disposition: Royalty Interest, Barton County, Kansas listed in 1989, but not in 1990 and

2) Acquisition: Affiliated Funds, Inc., listed in 1990, but not in 1989.

This letter represents my formal response to your letter clarifying these items. I am responding in this fashion as opposed to filing an amended disclosure statement pursuant to advice provided by the staff of the Committee on this date.

Item 1: Royalty Interest, Barton County, Kansas.

Your letter and the Committee's checklist raised a question about whether I disposed of this asset in 1990 since it was disclosed on my 1989 Financial Disclosure Statement but does not appear on my 1990 Financial Disclosure Statement.

There was no disposition of this asset in 1990. As the Committee knows, the format for disclosing holdings and unearned income for 1990 statements changed significantly from the format used in 1989. The Committee's questions may result from the way this asset and the income I earned from it were reported in 1989 and the way it was disclosed on my 1990 Statement.

In my 1989 Statement, I disclosed unearned income from the asset in Part II B -- Unearned Income as follows:

Royalty, Continental Oil Company; category of value: A.

In the same statement, I disclosed this asset as follows:

> Royalty Interest, oil and gas lease, Barton County, Kansas; category of value: B.

In Parts II and III -- Assets and "Unearned" Income of my 1990 Statement I reported the following asset and income:

> Conoco Oil and Gas; category of value: B; type of income: oil royalty; category of amount of income: III.

As is customary in the oil and gas business, I am the owner of the oil and gas royalty interest and Continental Oil Company (Conoco Oil and Gas Company) is the operator of the property. The royalty income I earn from the property in Barton County is distributed to me by the operator, Continental.

In 1989 I reported unearned income paid to me by Continental Oil Company and a holding of a royalty interest in Barton County, Kansas in two separate places in the statement. In 1990, I reported Conoco Oil and Gas as an income source and income in the form of an oil royalty in one place in that statement.

These items are the same, which is why I reported no transaction relative to the asset and no disposition of it on my 1990 Statement. They are, however, described slightly differently on these two statements which may explain the cause for the Committee's questions.

Item 2: Affiliated Funds, Inc.

Your letter and the Committee's checklist raised a question about whether this asset was acquired in 1990 since it was reported on my 1990 Statement but not on my 1989 Statement.

There was no acquistion of this asset in 1990. It was reported in both my 1989 and 1990 Statements, albeit by an abbreviated corporate name in 1990.

In Part II B -- Unearned Income of my 1989 Statement, I disclosed dividend earnings of my children as follows:

> Dividend, Lord Abbott Affiliated Mutual Fund, children; category of value: A.

In that same statement, in Part III -- Holdings, I disclosed holdings of this asset as follows:

Children's holdings, mutual funds; category of value: B.

In Parts II and III -- Assets and "Unearned" Income of my 1990 Statement I disclosed assets and income of my dependent children as follows:

Affiliated Funds, Inc.; category of value: B; type of income: dividends; category of amount of income: I.

This is the same asset and income from that asset as reported in 1989 as derived from Lord Abbot Affiliated Mutual Fund.

There was no acquisition of this asset in 1990 which is why I reported no transaction relative to the asset on my 1990 Statement. I did, however, report the asset and income by an abbreviated name in 1990 which may explain the cause for the Committee's questions.

If the Committee has further questions about these items or any other aspect of my 1990 Statement, its staff should consult with Greg Frazier in my office on extension 5-6216.

With best personal regards, I remain

Sincerely,

Dan Glickman

PARTS II AND III--ASSETS AND "UNEARNED" INCOME

The limited partnerships designated with astericks (**) are real estate investments which have had less than desirable results.

In checking with the investment company handling the properties, they indicated that the value and the income from Laurel Hills, Maple Canyon and Woodgate should be listed as zero.

Laurel Hills has been foreclosed upon, and the foreclosure process should be completed in the first half of 1991.

A reorganization plan for Woodgate was accepted by the bankruptcy court in July 1990. They have until April 30, 1991 to find a buyer. It is not likely that an offer will be obtained in excess of the debt of the partnership.

The Maple Canyon partnership included Maple Canyon Apartments and Rivermont Apartments. This partnership has been terminated: Maple Canyon apartments were sold in August of 1990 and the foreclosure sale of Rivermont Apartments took place in September of 1990. There was no return to the limited partners from these transactions.

All these properties are in Middle Tennessee with the exception of Maple Canyon Apartments which are in Columbus, Ohio.

Daer Mr. Clerk:

In previous years I have disclosed an interest in a limited partnership known as Bergner Associates Limited Partnership. During 1990 I was advised that the partnership became insolvent. The general partner has yet to provide additional information about the status of the partnership. Until I receive this information I have no way of knowing what, if any, equity interest I have in the partnership or what, if any, liabilities I may incur as a result of the partnership.

I will provide this information just as soon as I receive it.

Dear Colleague:

This responds to your letter of January 25, 1990, requesting an advisory opinion from the Committee with respect to a trip your wife is planning to take with several other congressional wives to Uganda from February 10-18, 1990, at the request of Mrs. Janet Museveni, the wife of Ugandan President Yoweri Museveni. The invitation, a copy of which you enclosed with your letter, indicates that the purpose of this visit is for the group to see firsthand the orphan problems of that country and then to assist the Fellowship Foundation and World Vision in trying to ease conditions for these children by their testimony in this country. The invitation further indicates that all expenses for this trip would be jointly paid by the Fellowship Foundation and World Vision, both nonprofit organizations.

It is the responsibility of a traveling Member, employee, or spouse to determine whether the sponsor of a trip of this kind is a foreign government or agent thereof, or acting on behalf of a foreign government. The invitation indicates that the sponsors of this trip, Fellowship Foundation and World Vision, are nonprofit organizations. Therefore, for purposes of this advisory opinion letter, your wife's travel expenses are deemed not to be subject to the Foreign Gifts and Decorations Act (5 U.S.C. §7342).

The applicable House rule is Rule XLIII, clause 4, which, effective January 1, 1990, provides that a Member, officer, or employee of the House shall not accept in any calendar year gifts aggregating more than "minimal value," directly or indirectly, from any source other than a relative. In Advisory Opinion No. 9, the Select Committee on Ethics of the 95th Congress determined that gifts to a spouse or dependent of a Member are considered indirect gifts to the Member, unless such gift is prompted by some consideration unrelated to the recipient's relationship to the Member.

This Committee has recognized an exception to the gift rule for individuals who "substantially participate" in an event. The Select Committee on Ethics of the 95th Congress, in Advisory Opinion No. 2, stated that:

> . . . necessary expenses should not be considered to be a "gift" to a participating individual who renders personal services sufficient to constitute "equal consideration" for the expenses provided by the sponsoring organization.

The opinion goes on to point out that:

> . . . the services rendered must be more than perfunctory in nature to constitute equal consideration for the expenses involved. For example, addressing an audience at an event or engaging in discussion seminars would be considered substantial participation sufficient to constitute "equal consideration," while simply visiting a specific site or location as part of a "fact-finding tour" would probably not be viewed as "equal consideration" for expenses paid by a sponsoring organization.

Thus, if you determine that this trip is being offered to your wife totally independent of her relationship with you, or if your wife is performing services for the sponsors of the trip which constitute equal consideration for the travel provided, then acceptance of necessary expenses would not be deemed a gift for the purposes of House Rule XLIII, clause 4.

Section 805(a)(1) of the Ethics Reform Act of 1989 sets a ceiling on the expenses which will normally be deemed necessary for privately paid travel. In the case of foreign travel, a maximum of seven consecutive days (excluding travel days) may be accepted without prior written approval from the Committee. Your wife's proposed travel appears consistent with this limit.

Any such expenses incurred by your wife for travel which is not totally independent of her relationship with you, and which aggregate $250 or more in value from a single source, must be disclosed as "reimbursements" on the Financial Disclosure

Statement you file pursuant to the Ethics in Government Act of 1978. The Ethics Reform Act requires reporting not only the identity of the source of the travel but also a brief description, including a travel itinerary, dates, and nature of expenses provided.

Dear Mr. Chairman:

I am filing the attached "Form For Disclosing Gifts From Foreign Governments" with the Committee in follow up to a trip that my wife Janet took to Uganda.

If you have any questions, please feel free to call upon me.

Thank you for your assistance in this regard.

Dear Colleague:

This responds to your letter of November 15, 1990, requesting advice from this Committee regarding the propriety of your acceptance of an invitation from the International Foundation, a nonprofit organization, to travel with representatives of the U.S. National Leadership Prayer Groups, of the U.S. Senate and House of Representatives, to ten countries in the Caribbean and Central and South America from November 26 to December 6, 1990. You included with your letter a copy of the itinerary for this trip.

You explain that you will travel personally to Miami, Florida, where you will join the group on November 26 for the departure to Havana, Cuba. You will further pay your own hotel accommodations and expenses for the day of November 30 in Aruba. On December 3, you will be accepting the personal hospitality of the Honorable James A. Patterson, and staying with him and his family in their personal residence in St George's, Grenada.

It is the responsibility of the traveling Member or employee to determine whether the sponsor of a trip of this kind is a foreign government or agent thereof, or acting on behalf of a foreign government. You indicate in your letter that the International Foundation is a nonprofit organization. Therefore, for purposes of this advisory opinion, your travel expenses are deemed not to be subject to the Foreign Gifts and Decorations Act (5 U.S.C. § 7342).

The applicable rule is House Rule XLIII, clause 4, which, effective January 1, 1990, provides that a Member, officer, or employee of the House shall not accept in any calendar year gifts aggregating more than "minimal value," directly or indirectly, from any source other than a relative. This Committee has recognized an exception to the gift rule for Members, officers, and employees who "substantially participate" in an event. The Select Committee on Ethics of the 95th Congress, in Advisory Opinion No. 2, stated that:

> . . . necessary expenses should not be considered to be a "gift" to a participating individual who renders personal services sufficient to constitute "equal consideration" for the expenses provided by the sponsoring organization.

The opinion goes on to point out that:

> . . . the services rendered must be more than perfunctory in nature to constitute equal consideration for the expenses involved. For example, addressing an audience at an event or engaging in discussion seminars would be considered substantial participation sufficient to constitute "equal consideration," while simply visiting a specific site or location as part of a "fact-finding tour" would probably not be viewed as "equal consideration" for expenses paid by a sponsoring organization.

Your activities, as described in your letter and the enclosure, clearly can be regarded as substantial participation, justifying your acceptance of necessary expenses from the sponsor.

For the purposes of House Rule XLIII, clause 4, personal hospitality is hospitality for a non-business purpose, provided by an individual on that individual's property. See Ethics Manual for Members, Officers, and Employees of the U.S. House of Representatives, at 15-16. The lodging provided to you by your friend in Grenada appears consistent with this definition, and is acceptable under the rule.

Section 805(a)(1) of the Ethics Reform Act of 1989 sets a ceiling on the expenses which will normally be deemed necessary for privately paid travel. In the case of foreign travel, a maximum of seven consecutive days (excluding travel days) may be accepted without prior written approval from the Committee. Time spent at your own expense, or while accepting the personal hospitality of an individual, does not count against this limit. Accordingly, your proposed travel, as outlined in your letter, appears appropriate.

All travel expenses aggregating $250 or more in value from a single source must be disclosed as "reimbursements" on the Financial Disclosure Statement you file pursuant to the Ethics in

Government Act of 1978. The Ethics Reform Act requires reporting not only the identity of the source of the travel but also a brief description, including a travel itinerary, dates, and nature of expenses provided.

If you have any further questions concerning this matter, please contact the Committee's Office of Advice and Education at extension 5-3787.

Dear Mr. Chairman:

From August 17-September 6, 1989, I traveled with representatives of the U.S. National Leadership Prayer Groups in the U.S. Senate and House of Representatives to the Middle East, Southeast Asia and Northern Africa. The trip was sponsored by the International Foundation, a non-profit organization which supports world peace and understanding through spiritual means. The purpose of the trip was to build relationships with private citizens and government officials in each country and to encourage their participation in the National Prayer Breakfast held in Washington, D.C. in early February of each year.

I have again been invited to travel as a representative of the prayer groups to ten countries in the Caribbean, Central and South America from November 26, 1990 to December 6, 1990. This trip is also sponsored by the International Foundation and will be organized by Mr. Doug Coe, who is the organizer of the House and Senate Prayer Breakfasts. We will be traveling by charter jet. I have attached a copy of the current itinerary. The countries we plan to visit are highlighted. I shall travel personally to Miami, Florida, where I shall join the group on November 26, for the departure to Havana, Cuba.

According to my calculations the length of the trip would exceed by two days the number of allowable days for overseas travel paid by another and which is not official Congressional travel. However, November 30, will be a day of rest and I shall be paying for my own hotel accommodations and expenses that day in Aruba. Also, on December 3, I shall be be accepting the personal hospitality of the Honorable James A. Patterson, in St. George's, Grenada, and staying with him and his family in their personal residence.

In view of the above mentioned travel limitations, and the fact that this trip is over a period of 11 days, I wish to ask the Committee's advice as to whether under the circumstances set forth above, my participation would be acceptable and meet the standards under the Ethics Reform Act of 1989?

If you have any questions, please have the Committee staff contact George Lowrey, at 225-6465. Thank you for your consideration of this request.

Sincerely,

Tony P. Hall

The Honorable Mel Hancock
United States House of Representatives
511 Cannon House Office Building
Washington, D. C. 20515

Dear Colleague:

This is in response to your letter requesting guidance regarding the limitations on outside earned income in the Ethics Reform Act as it relates to compensation you receive from Federal Protection, Inc.

You explain that Federal Protection, Inc. was chartered as a general business corporation for the purpose of providing security systems to the banking and financial industries. The company writes primarily five-year lease maintenance contracts and is very capital intensive. In 1984, the Company purchased the outstanding shares of the stockholders except those shares owned by you and your wife. A verbal agreement was made to transfer on an annual basis ownership to your son of approximately 43 percent of the company through 1989, which has been accomplished.

After your 1988 election to Congress, your son was made President of the company and is full time operating officer. You remain Chairman of the Board and only look after the financial affairs and financing of the company. You do not participate in the soliciting of additional business. You ask if, in view of limitations included in the Ethics Reform Act of 1989 (P.L. 101-194, as amended by P.L. 101-280), you may continue to receive any income from the company, as well as contributions on your behalf to a profit-sharing plan. The Committee notes that on your Financial Disclosure Statement for calendar year 1989, you reported earned income from Federal Protection, Inc. of $24,000, in addition to dividends and lease payments.

Several provisions of Federal law and House rules, as amended by the Ethics Reform Act of 1989, are relevant to your inquiry. Members of the House are limited in the amount of outside earned income they may receive in a calendar year by House Rule XLVII. For calendar year 1990, the outside earned income limit is 30 percent of the aggregate yearly congressional salary paid in 1989, or $26,850. House Rule XLVII, clause 1(b)(1). For calendar years after 1991, the earned income limit will be 15 percent of the January 1 rate of pay in effect for level II of the Executive Schedule (the same rate at which House Members are paid). House Rule XLVII, clause 1(a)(2); see also section 501(a) of the Ethics in Government Act of 1978, as amended (5 U.S.C. app. 7, §501(a), hereinafter cited as "EIGA".

"Outside earned income" is defined in Rule XLVII, clause 3(e), to mean "wages, salaries, fees, and other amounts received or to be received as compensation for personal services actually rendered." Several exemptions are noted, however. Clause 3(e)(4) of Rule XLVII specifically states that outside earned income does not include--

. . . .

> (2) any compensation derived by such Member for personal services actually rendered prior to . . . becoming such a Member . . . ;
>
> (3) any amount paid by, or on behalf of, a Member to a tax-qualified pension, profit-sharing, or stock bonus plan and received by a Member from such a plan; [and]
>
> (4) in the case of a Member engaged in a trade or business in which the Member or his family holds a controlling interest and in which both personal services and capital are income-producing factors, any amount received by such Member so long as the personal services actually rendered by the Member in the trade or business do not generate a significant amount of income.

Even if compensation is consistent with the definition of "outside earned income" or falls within one of the stated exemptions, certain activities for compensation will be totally prohibited by Federal law and House Rule XLVII beginning January 1, 1991. Section 502 of EIGA (5 U.S.C. app. 7, §502) provides, in pertinent part, that Members of the House, as well as other senior government officials, shall not--

> (1) receive compensation for affiliating with or being employed by a firm, partnership, association, corporation, or other entity which provides professional services involving a fiduciary relationship;
>
> (2) permit that Member's . . . name to be used by any such firm, partnership association, corporation, or other entity;

> (3) receive compensation for practicing a profession which involves a fiduciary relationship; [or]
>
> (4) serve for compensation as an officer or member of the board of any association, corporation, or other entity.

See also House Rule XLVII, clause 2.

The statute does not define what constitutes "professional services which involve a fiduciary relationship." That determination has been left to this Committee with respect to House Members and staff, pursuant to its authority under sections 503(1)(A) and 504(b) of EIGA (5 U.S.C. app. 7, §§503(a)(A) and 504(b)). *See Report of the House Bipartisan Task Force on Ethics on H.R. 3660*, p. 16, *Cong. Rec.* (daily ed.), Nov. 21, 1989, H9257.

The legislative history of the Ethics Reform Act suggests the primary objectives behind enactment of the prohibition on the paid practice of a profession which involve a fiduciary relationship. The first was to prevent any conflict between the responsibility of a public official to act for the common good and the obligation which would be owed a private client paying compensation. The second was to make certain that official position was not being used for private gain. The third objective was to "ensure that honoraria not reemerge in various kinds of professional fees from outside interests." *See Task Force Report*, *supra*, pp. 15-16.

To determine whether employment in which a Member proposes to engage is prohibited under the statute, the Committee is looking at more than the title of the position and the kind of services typically performed by those in the occupation. Subject to further legislative guidance, the Committee is evaluating the nature and circumstances of each individual's particular employment on a case-by-case basis in light of the objectives of the Ethics Reform Act.

With respect to your services for Federal Protection, Inc., the Committee views the statute as prohibiting you serving for compensation as Chairman of the Board. This does not mean, however, you are totally precluded from receiving any compensation. Consistent with House Rule XLVII, you may be paid an amount consistent with what you received in 1989 to look after the financial affairs and financing of the company, as long as it is not indirect compensation for serving as Chairman. Payments may also be paid on your behalf to a tax-qualified profit-sharing plan. In reaching this decision, we note that the salary you were paid by Federal Protection, Inc. prior to your election to the House of Representatives was significantly more than you have been receiving since coming to Congress. In addition, the payment is consistent with the policy enunciated in House Rule

XLVII to permit a Member to accept compensation to protect his interest in a family business. Your limited efforts appear aimed at preserving your equity, rather than generating income for the company. Such continuing service related to a family-controlled business suggests neither a significant conflict between public and private obligations, nor accrual of a benefit on account of your status as a Member of Congress. Furthermore, payments to you are not in consideration of speeches, appearances, or articles.

Based on the above considerations, we are of the opinion that while you may not serve for compensation as a board member or director of Federal Protection, Inc., you may receive compensation, in an amount consistent with what your have received in prior years while a Member of Congress, for protection of your equity, provided your family continues to own a controlling interest in the business. Activities which do not generate a significant amount of income for the family-controlled company will continue to fall within the cited exemption in House Rule XLVII. Furthermore, your receipt of this compensation will not be prohibited after January 1, 1991, since we do not view you as performing "professional services involving a fiduciary relationship" for the purposes of section 502 of EIGA and House Rule XLVII.

While this compensation will not be counted as outside earned income for the purposes of the limitation in Rule XLVII, please note that it still must be reported on the Financial Disclosure Statement you are required to file as a Member of the House of Representatives by May 15th of each year.

As stated above, this opinion is subject to reconsideration based on subsequent enactment of legislation or rule changes. If you have any further questions concerning this matter, please contact the Committee's Office of Advice and Education at extension 5-3787.

Sincerely,

Dear Donn:

This is in response to your request for additional information concerning my 1990 financial disclosure form.

The Macoupin County Farm disclosed in 1989 is the same property as that listed as "Farm -- Shipman, IL" on my 1990 financial disclosure statement. Shipman, IL is located in Macoupin County.

I hope this clarification is helpful.

Sincerely,

J. Dennis Hastert

Mr. Donnald K. Anderson
Clerk, U. S. House of Representatives
Office of Records and Registration
1036 Longworth House Office Building
Washington, D. C. 20515

Dear Mr. Anderson:

During 1990, title to a single family residential property located at 371 Sheridan Road, Lexington, Kentucky, was transferred to me pursuant to the will of my deceased mother.

The professionally appraised value of the property is $60,000-$64,000. Since being transferred to me, the property has not been under lease. The home is occupied by my daughter, who shares some of the expenses of upkeep.

While the law does not seem to require disclosure of this property, I made the above information available in the interest of completeness. Please treat this letter as an amendment to my 1990 Financial Disclosure Statement.

Sincerely,

Larry J. Hopkins

Mr. Donnald K. Anderson
Clerk Of The House
U.S. House Of Representatives
1036 LHOB
Washington, D.C. 20515

Dear Mr. Anderson:

This letter is sent to you for the purpose of amending Page A-4 of my 1990 Financial Disclosure Statement.

A careful review of the records reflects that the University of Tulsa football and basketball tickets, shown on Page A-4 of the statement were given both to me and my seven member Tulsa District Office staff. I personally attended only one basketball game, which was a victory by the way, and the staff used the balance of the tickets.

Because my use of the tickets was minimal, i.e. well below the $75.00 aggregation/disclosure threshold, this item was erroneously added and should be deleted from my 1990 Financial Disclosure Statement.

Thank you for your consideration in this matter.

Sincerely,

James M. Inhofe
Member of Congress
